WHEREAS, my wife, MARCY F. MUMFORD, has conducted herself in the most unbecoming manner, and in violation of her marriage covenant, I therefore hereby forbid all persons trusting her on my account, as I will pay no debts of her contracting. SAMUEL S. MUMFORD.
Newport, Feb. 5th, 1859.

I WISH to enquire of SAMUEL S. MUMFORD, if I violated my marriage covenant, and behaved myself unbecoming in not having the same respect and regard as himself for the girl he sent me from Hartford to make me a week's visit, in October last. If so, the public can judge the cause of the unjust, ungentlemanly, scandalous piece inserted above. He well knows that I have not been able to get trusted on his credit for more than one year, and at the time of our marriage, was in debt, and not able to pay my expenses to Newport; and he could have saved the exposure of these facts, his money and credit too, by omitting the above Notice. From my sad experience, I would caution all single ladies to

Beware of the man whose head is so red,
That he needs not a candle to light him to bed;
I have proved to my sorrow, that such from their youth,
Are full of deception, as well as untruth.

MARCY F. MUMFORD.

AMERICAN AND FOREIGN PATENTS

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST.,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings or Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patens or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
CHAS. MASON," *Commissioner of Patents.*

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the *Patent Office.*
EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

American Republican Nominations:

The candidates for Governor, Secretary of State, and Attorney General, are the same as those above; Their other nominations are as follows:

FOR LIEUTENANT GOVERNOR
ISAAC SAUNDERS,
Of Scituate.

FOR GENERAL TREASURER,
SAMUEL A. PARKER,
Of Newport.

The Coming State Election.

At the head of our columns to-day we have placed the entire Republican ticket for State Officers and Members of Congress, together with the American Republican nomination for Lieut. Governor and General Treasurer, the only officers in regard to which the State Prox differs from that previously adopted by the Republicans.

Every name thus presented is that of a good and true man, for whom no elector need be ashamed or afraid to vote. Where it is necessary to choose between them, we shall blame no man for following his own conscientious judgment, whether it coincide with ours or not; but for ourselves we shall give our vote and such influence as we may possess to the Republican Ticket.

Our reasons for this may be very simply stated. We believe all party organizations to be, as it were, mere bodies, of no more worth than any other corpse, unless animated by a principle; upon the vitality and pertinency to the actual contest of which principle depends the worth of the party. Principles which have no bearing on the contest on hand, old forgotten or dormant issues, can no more make a live party than galvanism a live man. Let us fight for what is at stake *now*, and leave other questions to be settled when they come up. The great topics of the day,—the questions which will not down, but demand to be manfully met and settled, before our country can ever forget or put them aside, are unquestionably those growing out of the institution of slavery. We do not mean mere Abolitionism or any other form of interference with the domestic institutions of the South; but we do mean a firm and persistent stand against the aggressions of the Slave Power:—a recognition of the claims of the Northern majority in this Union to its full share of influence and power in all matters that concern the General Government;—and such a course of financial and foreign policy as shall remedy the gross injustice inflicted upon us by the present and several late Administrations, for the benefit of the Southern minority. It is not merely the rights of the black man that we are now called upon to sustain, but the rights of the free white non-slaveholding North.

Upon these questions both branches of the opposition in this State have taken very much the same ground, and both, we trust, are equally ready to carry their principles into practice. No one would have rejoiced more than ourselves, could an honorable and sincere union have been effected. Who is to blame for the failure of such a union, is now useless to discuss. It has in a measure failed, and every lover of the right is forced to the necessity of choosing between two parties whose avowed principles are nearly identical. We choose the Republican party, and chiefly on these two grounds.

First, because thus far it has been, and is now, most straightforward and unhesitating in the avowal and support of those principles which both organizations now declare to be right, and to be the basis of their platforms, and has never lent itself to the purposes of men who seek the *prestige* of its name while fighting against those very principles.

Second, because it is the only one which stands shoulder to shoulder with the great Republican party of the Union, the only party on which we can have any reliance for the [illegible] success of our cause. While [illegible] next great National contest comes, every true man who would not throw his vote away, or do [illegible], must stand on a platform broad enough to include the free-soil Democrats of New York, and the liberty-loving Germans of the West. Any gentleman who is sanguine enough to expect to find a separate American party large enough to do anything but mischief in 1860, must have, as some of them seem to have, memories too short to reach back to 1856.

Republican Ratification Meeting.

A mass meeting of the Republicans of this State will be held this evening at the vast Hall of the Railroad Depot in Providence and will no doubt be one of the largest and most interesting political meetings held in this State for years past. It will be well worth the journey from Newport, to be present at such a gathering of the people and to hear the eminent speakers who are announced.

HON. THOMAS DAVIS, our candidate for Congress is too well known as an effective speaker to need any praise at this hour: and he will be nobly supported by HON. GALUSHA A. GROW of Pennsylvania, the leader of the Republicans in the last Congress: the man who struck the two hardest blows of the two sessions one of which floored Mr. Keitt, and the other the bill for increasing the rates of Postage. No man is better qualified or better entitled to give sound advice to our voters than the sterling statesman from the old Keystone.

EDITOR'S BOOK TABLE.

A COLLECTION OF FORMS, adapted to the use of Justices of the Peace, Public Notaries, Sheriffs and Constables, Overseers of the Poor, Town Councils, Courts of Probate, and Officers under the Laws in relation to Public Schools, together with Miscellaneous Forms, making every man his own Conveyancer, conformable to the Revised Statutes and Usages of the STATE OF RHODE ISLAND.
Providence, G. H. Whitney. 1859.

Lawyers on the look-out for business have in general no better friends than the makers of the cheap books which profess to make every man his own lawyer. Made to sell like Hodge's razors, they for the most part do what the razors will not always effect,—cut the fingers of the unhappy individual that tries them. As the object is to sell a great many copies, they must contain a little law upon every question, mixed up in such a manner as to confuse rather than guide. A mind specially trained to the work finds difficulty enough in selecting what really bears on the point, from an ordinary digest, or collection of precedents, and in discriminating what is law in his own State, from the thirty other systems which are just similar enough to mislead. When such compilations are in unskilled hands, they make ultimately more work for lawyers than they save, in the expensive litigation which grows out of the informal and mistaken proceedings taken under them. Many a luckless wight has paid hundreds or thousands at the end of a lawsuit, because he begrudged the five dollars necessary to start him right in the first place. In nothing is the old maxim that *an ounce of prevention is worth a pound of cure*, more true and practical than in legal transactions and in going to law.

The book before us is one of a very different class, and does honor to the distinguished gentleman who is understood to be its editor. In the first place it is a book of Rhode Island Law, and will not perplex its owner with a fragment of legislation from every other State of the Union. It is as simple as such a book can be made, and yet full enough for ordinary purposes. When a man cannot find in it exactly what will suit his purpose he may know that it is time for him to go to a lawyer. But a man of ordinary intelligence in any of the positions referred to in its lengthy title, will find it an ample, and what is much more important, a *safe* guide in all usual transactions; and if its directions are carefully followed, will be spared the mortification of learning when it is too late, that he has been "penny wise and pound foolish."

Among the queries propounded to students of the past, is one as to the first three-masted vessel ever built in this country. Cannot some of our Newport antiquarians throw light on the subject? We know no place so likely to claim the honor and reward the search as our ancient commercial metropolis.

LOCAL INTELLIGENCE.

NEWPORT ANTIQUARIAN MUSICAL ASSOCIATION.—We understand that it is in contemplation by several ladies and gentlemen connected with the recent Old Folks' Concert in this city, to effect a permanent organization of their numbers under the above title, and to elect Eben Tourjee, Esq., their Musical Director. They will invite such of their more youthful friends to join them as are singers and cherish a regard for the musical compositions of the early times. The object of this movement is two-fold: first, to instil into the minds of the younger portion of the community a knowledge and remembrance of the music of the olden time: second, to promote social intercourse among the members of society. The monthly rehearsals will be held at the houses of such of the members as desire it, where it is convenient to do so. The objects of the projected association are laudable, and should be liberally encouraged.

☞ We have received the following from a correspondent, and publish it with pleasure, as reflecting the sentiments not only of ourselves, but, as we feel assured, of the whole community:

On Tuesday, we stepped on board the steamer Perry, and after a comfortable sail of two hours, landed in Providence. No finer boat ever glided over our waters, than the Perry, and her officers are gentlemanly and attentive. The travel in the winter months cannot meet the expenses of the boat, yet through the liberality of her owner, R. B. Kinsley, Esq., she is kept on her regular trips, and a daily communication kept up between this city and Providence. He is certainly deserving the thanks of the entire community for this sacrifice for the public good.

Float on, thou splendid steamer,
 Amid the billowy foam,
And help the lov'd ones gather
 At each paternal home.
Thy noble name will echo
 When son and sire shall meet,
And joy and mirth shall follow,
 As other friends we greet.

TRAVELLER.

☞ As Mr. Anthony Stewart was riding on Conanicut yesterday, and pointing out to a friend riding with him the spot where the J. Palmer was wrecked a few years since, he came near being wrecked himself. The horse sheered and running over a rock threw Mr. S. out, both wheels passin over his body, though without inflicting any severe injury.

A NEW SYSTEM OF INSURANCE.—They have a sort of honesty insurance system in England, which might be introduced into our country with profit to all concerned. A corporate company is organized, who make it their business to guarantee the integrity of every clerk whom they recommend, the clerk paying a premium, and the company issuing bonds to secure the employer against loss. Under this arrangement the company keeps a strict watch upon the clerk's private acts in the same manner that an insurance inspector looks after the combustible material in the insurance of property. By this means the employer is relieved of the duty of tracing the private habits and conduct of the employee, leaving it to the party who is, no doubt, more thorough in his supervision.

—We take the above from an Exchange, for the sake of saying one word to the last sentence. The working of the society mentioned, we believe to be generally beneficial, as it enables young men of character but without rich friends, to obtain situations, and thus bestows a tangible reward on moral worth. But if it leads employers to neglect the personal oversight of their clerks, it does a great mischief. We believe that more youth are ruined by a wicked exposure to temptation through the negligence of their employers, while their principles are not yet fully formed, than by any other cause. To this may be traced a great proportion of our bank defalcations, and mercantile embezzlements. Nor is it only in these marked instances that the mischief is done. Habits of idleness, of dissipation, of negligence, are fostered in every employment by the want of proper oversight at the age when boys are usually taken as clerks. Not only bank officers, but our shopkeepers and our master mechanics have a responsibility in this matter, which they too often forget, and the neglect of which leads to social and moral evils that no insurance company can make good.

A Havana correspondent of the Hartford *Times* writes: "A Spanish friend asked me yesterday, 'What if the Spanish fleet should go and bombard New York?' I could not imagine such an absurdity and told him so. He said to a Creole with me, what would they do in New York, if 10,000 Spanish soldiers should land there? A Yankee captain sitting by says, if the soldiers behaved themselves they would not be troubled, but if they made any disturbance, they would be put into the station-houses.' Spaniard says—'*Quien Sabe.*'"

Discovery of the Remains of Mr. Thurston the Aeronaut.

ADRIAN, Mich., March 8.—The remains of Ira J. Thurston, the æronaut, who met his death by his unfortunate ascension from this city on the sixteenth of September last, were accidently found on Sunday evening last, about ten miles northwest of Toledo, and about ten miles from the place of his second ascent. The remains were brought to this city and fully identified.

A resolution providing for the adjournment of the Assembly on Saturday next, received from the House, was read. After a discussion, participated in by Messrs. Allen, Peck and Lieut. Gov. Turrner, it was on motion of Mr. Peck, laid on the table—16 to 7.

Adjourned.

House of Representatives.

Mr. Sheffield of Newport gave notice that he should on some subsequent day of the session, ask leave to introduce an act to prevent incendiarism.

Mr. Newell of Smithfield, pursuant to previous notice, introduced a bill repealing so much of the chapter of the Revised Statutes, as requires the names of candidates for Representatives to the General Assembly to be numbered; which was passed to a second reading.

Mr. Blake of Cumberland, moved a reconsideration of the resolution whereby the House voted to adjourn finally on Saturday next.

A long discussion ensued, in which the motion was advocated by Messrs. Blake of Cumberland, Newell of Smithfield, Sanford of Providence, Van Zandt of Newport, Baker of Warren, Pirce of Johnston, and opposed by Messrs. Sheffield of Newport, Hayes of Providence, and Luther of Warren.

Upon the question, Shall the resolution of adjournment be reconsidered? the House was called, and the question decided in the negative.

On motion of Mr. Flagg of Smithfield, the House then passed to the consideration of the following bill reported by the minority of the Committee on Education.

AN ACT in addition to Title XIII. of the Revised Statutes—"Of Public Instruction."

It is enacted by the General Assembly as follows;

Section 1. Every child in this State of suitable age to attend school, shall, on application, be admitted to the public school in the district where he may reside, if the town or city is divided into districts, and if not so divided, to the nearest public school; and if the schools in such town or city shall be graded, such child or scholar shall be admitted to a school, within such district of the grade for which his qualifications or attainments shall fit him.

Sec. 2. Where more than one school of the same grade shall be established in the same school district, no essential distinction shall be made between such schools, in regard to the accommodations and conveniences of the school-houses, the furnishing and apparatus for the same, or the qualifications of the teachers employed therein.

Sec. 3. In determining the qualifications of scholars to be admitted to any high school established and maintained wholly or in part at the public expense, no distinction shall be made on account of the race, color, or religious opinions of such scholars.

Sec. 4. Nothing in this act contained, shall impair, or in any way affect section 11 of chapter 66 of the Revised Statutes.

Sec. 5. So much of section 11 and 12 of chapter 71 of the Revised Statutes, as is inconsistent herewith, and all other acts or parts of acts inconsistent herewith are hereby repealed.

Mr. Hayes, of Providence, presented a remonstrance, signed by George Waterman and other colored citizens of Providence, against the passage of the above bill.

Mr. Newell, of Smithfield, moved to strike from the third section of the bill the word "high," and supported the motion at length.

Mr. Baker of Warren submitted a resolution referring the whole subject to a special committee of five to report at the next session of the General Assembly.

The question then recurred, Shall the resolution pass? and it was decided in the affirmative.

Adjourned until 3 o'clock.

AFTERNOON.

The bill reported in the morning for the widening of the draws of the bridges over Seekonk river, was taken up, considered and passed.

The bill relating to the establishing of the boundary line between the city of Providence and the town of North Providence was taken up read, discussed at considerable length, and laid on the table until to-morrow.

Mr. Manchester, pursuant to previous notice, introduced a bill in amendment of chapter 79 of the Revised Statutes—"Of Shows and Amusements;" which was read twice and referred to the Committee on the Judiciary.

Mr. Sheffield, from the Committee on the Judiciary, reported back an act to prevent the explosion of steam boilers, with sundry amendments.

The bill was discussed at length, and, pending the debate, the House adjourned.

Miscellaneous.

Sch Uncas, sunk off Goat Island, lies the same as when last reported, with foresail and jib set. Nothing has been done towards raising the vessel, though we understand parties interested in the cargo have come down from Fall River with a view to making the attempt. We are informed, however, by a gentleman well versed in such matters, that such an attempt would be quite useless, owing to the damaged condition of the vessel. The steamer struck her first on the starboard quarter, opening a large place; after which the schooner swung round, and catching her starboard fore rigging on some part of the steamer, it gave way at the hull when the vessel went down, tearing out the chain plates, deck planks and timbers, and disengaging one of the knees so that it has since floated to the surface. It is estimated that it would cost $1100 to raise the vessel as she lies, even if it could be done without her breaking assunder in the operation; after which it would cost at least $300 to repair her. It is thought that after taking the masts out of her, she will be left on the bottom. There being 25 feet of water on her deck at low water, her masts offer the only obstruction to navigation.

Sloop Henry, of this port, which went ashore on Narragansett in November last, careened off shore during the storm of the 8th, and appears to be breaking up.

The sails, rigging, spars, stove, anchors, chains, &c, saved from the wreck of schooner Richmond, will be sold at auction at 10 o'clock to-day, on Commercial Wharf. Also, at the same time and place, the sails, rigging, &c, saved from the wreck of schooner H F Payton.

The wreck of schr Start, on Point Judith, was sold at auction yesterday, for $250, to various parties. The hull sold for $50. The hull is a complete wreck—the stern and bowsprit gone, rudder broke, keel off, and bottom badly shaken up. Welcome G Kenyon, of Narragansett, was the purchaser; he intends breaking her up forthwith. Captain Gilvrey still remains by the wreck, in charge of the fish saved, waiting orders. It will probably be brought to this city and sold.

Memoranda.

At Havana, 2d inst, barque Martha Anna, Babcock, for Newport; Aerial, Eddy, unc; brig Ellen Hayden, King, for Savannah; sch Matron, Taylor, for Portland.

Went to sea from Wilmington, NC, 5th, brig John Balch, Melville, for Havana.

At Cardenas, 26th ult, brig John Hathaway, Smith, for Wilmington.

Disasters.

We learn from Fall River, that sloop Oliver Chace, of that port, was capsized in the bay there yesterday morning. She had just left the wharf, had taken a tack and was standing on the other, when a flaw struck her and she went directly over. She was towed to the derrick during the forenoon, and righted, without having received any material damage. No lives were lost.

Joy to the Admirers of A FINE HEAD OF RICH GLOSSY HAIR

Talk of beauty, it cannot exist without a fine head of hair, then read the following, and if you ask more, see circular around each bottle, and no one can doubt.

PROF. WOOD'S Hair Restorative.—We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching, and all cutaneous eruptions—causes a continual flow of the natural fluids; and hence, if used as a regular dressing for the hair, will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the grey, or discused in scalp, to use it; and surely the young will not, as they value the flowing locks, or the witching curl, ever be without it. Its praise is upon the tongues of thousands.

The agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:

DEEP RIVER, Conn., July 23, 1856.

Mr. Levenworth—Sir: I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out scurf and hair together. I saw in a New Haven paper about Wood's Hair Restorative as a cure. I called at your store on the 1st April last, and purchased one bottle to try, and I found to my satisfaction it was the thing; it removed the scurf and the hair began to grow, it is now two or three inches the length where it was all off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this. I don't know as any of the kind is used in this place. You may have a market for many bottles after it is known here.
Yours with respect, RUFUS PRATT.

PHILADELPHIA, Sept. 9, 1856.

PROF WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—in fact BALD. I have used but two half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours respectfully
D. R. THOMAS, M. D.

HOWARD ASSOCIATION.

PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

THE Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give Medical Advice Gratis, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to Furnish Medicines Free of Charge. It is needless to add, that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1858, express the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onanism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. George R. Calhoun, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

A CARD TO THE LADIES.

Dr. DUPONCO'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting, regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others, that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Church street, and at 12 Washington Square, opposite State House. Orders for the trade so addressed will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to STURGIS & CO., Box 801, Newport Post Office, can have the Pills sent confidentially by mail to any part of the city or country. n26—

TO THE LADIES—The celebrated Dr. Hughes particularly requests all ladies who may need a medical or surgical adviser, to call at his rooms, No. 13 Howard street, Boston, which they will find arranged for their especial accommodation.

Dr. Hughes having devoted over 48 years to this particular branch of the treatment of diseases peculiar to females, it is now conceded by all, (both in this country and Europe,) that he excels all the other known practitioners in the safe, speedy and effectual treatment of all female complaints.

Dr. Hughes's French Renovating or Female Monthly Pills are to be had genuine only at this office.

These pills are unrivaled in efficacy and superior virtues in regulating all female irregularities. Their action is specific and certain, producing relief in a very short time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practised by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders, who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the old doctor at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country, with directions.

The best of accommodations furnished for the sick, with kind and attentive nurses, if they wish, at a reasonable rate.

This office is strictly private, with special apartments for ladies, and is so arranged that it is impossible for patients to come in contact with each other.

Recollect the number—13 Howard street.

N. B. All secrets are most strictly confidential.

All letters will be promptly answered. Address Dr. J. B. Hughes, 13 Howard st., Boston.
jy1 1y d

CONFIDENTIALLY to the afflicted—Dr. J. B. Hughes still continues his old establishment, 21 Howard Street, Boston, where he can be consulted on all private complaints. All persons in any way afflicted may rely on a sure and speedy cure being performed.

Dr. Hughes has for a number of years paid particular attention to the study and practice of private diseases, and so perfect has he become acquainted with them, that, without boasting, he will warrant an effectual cure in the shortest possible time, no matter how long standing the case may be.

In offering the result of his long study and practical experience to the afflicted, he is governed by humanity only, for so long have they been deceived by miserable quack nostrums, that it is time that some healthy mode of practice should be introduced.

The old doctor professes to be eminently skilful in curing gonorrhœa, gleet, stricture, syphilis in all its stages, primary, secondary, tertiary, or hereditary seminal weakness, nocturnal emissions, general debility, impotency, and all diseases of the urinary organs. The doctor solicits a call from all who may be afflicted with any such disease, feeling confident of success, and at a great saving of time and money to his patients.

The doctor can be consulted by letter, if the disease is accurately described, medicines will be immediately forwarded, carefully concealed.

Please remember the name and No., as Dr. Hughes has nothing to do with any other office but 13 Howard st.

P. S. The best accommodations will be furnished the sick of both sexes, with kind and attentive nurses, and at a reasonable rate.

All letters requiring advice must contain one dollar, or no notice will be taken of them. Address Dr. J. B. Hughes, 13 Howard st., Boston.

Medicines.

DR. DOW'S GRAND MEDICAL HOUSE AND OFFICE,

NO. 7, ENDICOTT-ST., BOSTON. NO. 7.

Established for the permanent cure of all Private Diseases and the Suppression of Quackery.

DR. DOW, so well known for the last fifteen years in this city, where he has confined his practice to the treatment of mercurial, syphilitic and other diseases of a private nature, is consulted above, from nine in the morning till seven in the evening. Patients must call during office hours. Office not open on Sundays.

All chronic and difficult cases, such as have existed for years, are completely and permanently cured in the shortest possible time by the Doctor's improved course of treatment.

MEDICAL ADVICE.—As it is always important to obtain the services of an experienced and skillful physician call on the celebrated Dr. Dow, No. 7, Endicott street.—*Med. and Surg. Jour.*

DR. DOW will say nothing of his qualifications as a Physician and Surgeon, being a graduate of the University of Pennsylvania Licentiate of the State Medical Society of N. Y., and for more than twelve years a practitioner of this city, during which time he has no doubt cured more of those difficult and chronic cases (such as nothing but practical experience can ensure success) than by other physicians in Boston.

By his late improved course of practice, Gonorrhœa, Gleet, Strictures, and other local affections of the urinary and seminal organs, are cured in a very few days without mercury, regard to diet, or fear of exposure.

SECONDARY SYPHILIS, &c.

Scrofulous affections, ulcers in the throat or neck, nodes and caries of the bones, eruptions on the skin, and every impurity of the blood thoroughly and completely eradicated. Persons afflicted with any private complaints should call as early as possible after contracting the disease, as much time and money may be saved thereby.

TO YOUNG MEN.—You who are troubled with seminal weakness, generally caused by a bad habit in youth, the effects of which are nocturnal emissions, pains and dizziness in the head, forgetfulness, sometimes a ringing in the ears, weak eyes, &c., terminating in consumption or insanity, if neglected, are speedily and permanently cured by Dr. Dow.

TO MIDDLE-AGED OR EVEN OLD MEN, whose procreative organs have become inactive or weakened by the excesses of any kind, but especially bad habits in youth, Dr. DOW would respectfully say that from the extensive practice which he has had in treating the above complaint for over fourteen years, he is enabled to guarantee a perfect cure in all cases; that is, a restoration of those organs to their natural and healthy state. Hardly a day passes that he is not called upon to cure the above complaints, and he is happy to say that his course of treatment has invariably effected a speedy cure.

Beware of all kinds of Exhilerating Cordials, as they are of no use.

To the unhealthy, the mere mention of the name of the far-famed and justly popular physician, Dr. Dow, that he can at all times be found at home that he is surpassed by none in curing all forms of disease however protracted, ill-treated, or mercurily affected, is a consolation to his patients, and an honor to himself.—*Balt. Amer.*

All afflicted with private complaints, if possible, should consult Dr. Dow, whose medical education is not surpassed by any physician in the country. In his skill, honor and integrity, all may rely with safety, while most all of the medical practitioners are without honesty or responsibility, their pretensions being grounded in ignorance and assumption.—*Republican Argus.*

There are a great many young men whose cases have become very difficult of cure, either from neglect or ill-treatment. We would advise all such to call on Dr. Dow, of Boston, whose practical experience in certain diseases no doubt exceeds that of any other physician in America.—*Journal of Health.*

Dr. Dow consults with physicians, as usual, on difficult chronic diseases. Charges reasonable.

TO FEMALES.

All diseases peculiar to females, such as suppressions, irregularities, &c., speedily and effectually removed. The efficacy of his remedies for the cure of the above affections, has been well tested in his extensive practice for the last fifteen years in this city, and never was known to fail in effecting a cure where the directions were followed a reasonable time.

J. RUSSELL SPALDING'S ROSEMARY.

Combines everything required to give richness, beauty and elegance to the hair. It removes dandruff, and relieves headache. To force the growth, to prevent falling off, and restore hair to bald places, it has been used with positive success. It is presented to the public in an open, candid manner, stating, as the name indicates the leading ingredients, viz:—

Rosemary and Castor Oil,

both common and well known articles.

The following persons can be found, and are well known. We give a few extracts from their opinions about the

ROSEMARY.

ABRAM A. TRUAX, Esq., Rotterdam, N. Y., writes—"Am 75 years of age, and was bald 35 years; have used two bottles of your Rosemary, and my hair is now two inches long."

REV. SYLVANUS COBB, Boston Mass.—"We had rather pay for it than have other preparations for nothing," &c.

MRS. D. TAFT, Cambridge, Mass.—"Have used your Rosemary with great success in keeping my hair black, as age was turning it fast."

MR. DANIEL B. CONNOR, Boston, Mass—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has forced it to grow," &c.

OSSIAN E. DODGE, Esq., Vocalist, now of Cleveland, Ohio—"It gives a rapid growth and dark glossy texture, and does not soil the hat or pillow in the least; I know of nothing so valuable for the hair."

FRANCIS ADAMS, Esq., Boston, Mass.—"It is the best thing for children's hair—the ladies are delighted with it," &c.

REV. C. W. DENISON, Buffalo, N. Y.—"I find it excellent for the hair."

MRS. L. SWEENY, Boston, Mass.—"It restored my hair to bald head, and from grey to black color," &c.

HON. C. HUNT, Lowell, Mass.—"To remove dandruff, and keep the hair moist and glossy, we have never found anything so good."

M. HOFFMAN, Esq., (Editor of German Weekly,) Boston, Mass., and his wife Eva, say—"It causes hair to grow vigorously—gives beauty and splendor—is better than European articles," &c.

C. H. STOCKING, Esq. (Trinity College,) Hartford, Ct.—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but it is now moist."

A. F. WOOD, Chemist, New Haven, Conn.—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary," &c.

REVERE HOUSE, Boston, July, 1857. "I had no more hair on my head than an infant, seven months ago. It is now thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J. RUSSELL SPALDING'S Rosemary, obtained at 27 Tremont street, opposite the Museum, has produced this change."—SARAH J. LORD.

LADIES' DELIGHT!

RELIEF COME AT LAST.

J. WISNER'S Washing Machine, Patented Sept. 28th, 1858, is a large tub with zinc fitted on the bottom, also on the underside of the rubber. It stands on a stool, and weighs about 25 lbs; is simple and handy and has been thoroughly examined and tried by thousands at the West within the past year, who pronounce it to be the best labor saver ever offered to the public.
